

PUBLICATIONS

WE WORK WITH EACH CLIENT
TO DEVELOP AN AUTHENTIC
STORY THAT ADDS RELEVANCE
AND CREDIBILITY TO CURRENT
COMMUNICATIONS.

For more than 30 years, The History Factory has created award-winning history publications. Whether it's an authoritative business publication, a brochure or anything in between, our publications will become a substantive addition to your arsenal of print collateral.

Our structured process begins with finding out about your organization's culture and goals today. We work with each client to research and write their authentic story in a way that adds relevance and credibility to current communications.

Our books are always customized, never cookie-cutter. The History Factory's experienced team of researchers, writers, editors and designers uncovers the content, develops the right look and feel and ensures that the product will exceed expectations. It's not easy work, but it's important—after all, it's not every year that your organization produces its history publication.

If your organization is considering producing a book or other print publication, contact us at newbusiness@historyfactory.com or 703.631.0500 to find out more about our approach, based on decades of experience.
